B Tech, Electrical and Electronics Engineering. GPA- 6.88

J N TATA Technical Education Centre (NTTF), Gopalpur   Jun-16 to Jun-19
Diploma, Mechatronics. GPA- 6.58

Experience

Manor Motors (YAMAHA), Berhampur   Odisha
Sales Executive   Mar 2021 – Nov 2021
- Engaged with prospective clients to assess needs, requirements, and challenges, establishing rapport and trust.
- Acquired in-depth knowledge of company products/services and effectively communicated their benefits to customers.
- Collaborated with team members to achieve sales targets and enhance overall team performance.
- Developed a comprehensive understanding of company products/services and proficiently communicated their advantages to clients.
- Maintained precise sales records, and billing documents, and regularly reported to managers.

Krishnaveni Carbon Products Private Limited, Coimbatore   TamilNadu
Production Engineer   Jun 2019 – Oct 2019
- Proficiently set up CNC machines by installing, adjusting tools, and configuring parameters per work orders.
- Operated machines for drilling, milling, and turning with precision and efficiency.
- Conducted regular maintenance to ensure optimal performance and longevity.
- Performed thorough quality checks throughout the production process to ensure adherence to standards.
- Collaborated with the production team, engineers, and supervisors to achieve production goals and address issues effectively.

Projects

Personal Portfolio
- Designed and implemented a responsive personal portfolio website leveraging HTML, CSS, JavaScript, and DOM manipulation.
- Integrated advanced libraries such as Typed.js for dynamic text animations and ScrollReveal.js for engaging scroll-based transitions to enhance user experience.

Weather App
- Engineered a user-centric front-end interface using HTML, CSS, and dynamic JavaScript data integration.
- Employed Java JSP for server-side rendering and implemented Java Servlets for efficient management of user requests.
- Integrated a reliable API to fetch and display real-time weather information for enhanced functionality.

E-commerce Reports
- Leveraged Power BI to create an in-depth E-commerce Report, offering strategic insights into sales trends and customer interactions.
- Developed interactive visualizations with drill-through capabilities, enabling detailed exploration of product categories and customer segments for enhanced analytical depth.

Internships

Full-Stack Web Development (Remote) - Innovixion Tech   Jan-24 to Feb-24
- Swiftly assimilated emerging technologies, augmenting expertise in HTML5, CSS3, and Basic JavaScript. Delivered two dynamic projects: a Quiz App and an Online Note Taking App, demonstrating adeptness in application development and proficiency in frontend technologies.

Web Development (Remote) - Octanet   Jan-24 to Feb-24
- Implemented innovative functionalities leveraging HTML, CSS, and JavaScript, including the development of a Restaurant Homepage and a To-Do List. Conducted meticulous testing procedures to ensure the deployment of high-caliber, bug-free code, showcasing dedication to software quality assurance and proficiency in frontend development technologies.

Web Development (Remote)- Codealpha   Feb-24 to Mar-24
- Achieved mastery in HTML5, CSS3, and JavaScript, demonstrating rapid adaptation to emerging technologies. Completed four dynamic projects, including the development of a ChatGPT web application featuring real-time communication and dynamic text animations. Conducted rigorous testing protocols to guarantee the deployment of high-quality, error-free code, showcasing dedication to software quality assurance and proficiency in frontend development technologies.

Skills Set

Technical Skills:
- Excel and spreadsheets | Analyze and Interpret Data | Exploring internet | C | C++ | OOPS | Power BI implementation | HTML | CSS | Javascript | React js | SQL| Bootstrap |Web Development and Design | Performance Optimization | MS Office

Soft Skills:
- Communication skills | Critical thinking | Team Management | Time Management | Adaptability

Certifications/Courses

- **Microsoft Data Science** certification course from NIIT Foundation, Skilled in Odisha.
- **Azure AI Fundamentals** Certification course from Microsoft Learn Student Ambassador.
- **Azure Rest Api using Node js serverless function** certification course from Coursera.
- **JAVA Programming** certification course from Great Learning.
